ÖRESUND – KATTEGAT – SKAGERRAK

The project will identify the conditions and challenges that a greener transport corridor between Öresund and Hamburg sets for:

- Companies' distribution and logistics strategies.
- Cross-border planning among public authorities at local, regional and national level in the STRING corridor between the Öresund Region and Hamburg.

Green STRING Corridor will facilitate cooperation between businesses, research institutions and public authorities aimed at highlighting and promoting innovative transport and logistics solutions that support a sustainable economic development in the STRING region.

The project is structured around four themes:

- Development of a Green STRING Corridor
- Logistics and business development in the STRING region.
- Business travel and accessibility in the STRING region
- Dialogue, implementation and networking

Green STRING Corridor is a cooperation of 12 partners from Denmark and Sweden. The project is co-financed by the Interreg IVA Öresund Programme and is scheduled to run until late 2014.

The partners involved are:

- Region Zealand (Lead Partner)
- Region Scania
- Capital Region of Denmark
- City of Helsingborg
- Municipality of Lund
- City of Malmö
- Municipality of Copenhagen
- Municipality of Köge
- The Swedish Transport Administration
- Lund University
- Roskilde University
