”STRING logistics platform – operationalising visions for a greener transport corridor”

By Patrik Rydén, Director, Lund University.

Questions and answers

15:25 Panel discussion: Climate friendly transport and logistics – how do we create sustainable solutions in the STRING Corridor?

By Michael Svane, CEO, DI; Gottfried Eymer, CEO of DB Schenker Rail Scandinavia; Leif Gjesing Hansen, Green STRING Corridor; Patrik Rydén, Lund University; and Susanne Krawack, Chief Consultant, CONCITO

16:20 Summing up and end of conference

By Jacob Vestergaard, Managing Director of STRING

16.30 End of conference.

About the Green STRING Corridor midterm conference, 11th of March 2013

This conference will introduce you to some of the initiatives and analyses carried out by the Green STRING Corridor to develop a greener transport corridor from the Öresund region to Hamburg. Issues concerning the importance placed on international green corridors by the European Commission, and how these can contribute to meeting European climate targets will be discussed. The day will be brought to a close by a panel discussion, where we would like to hear your opinions on how we can create sustainable solutions for climate friendly freight and passenger transport and logistics in the STRING region.

Target group

The conference is aimed at politicians as well as professionals with an interest in regional development, cross-border cooperation, sustainable growth and transport.

Purpose

The aim of the conference is to present new findings and analyses as produced through the Green STRING Corridor project concerning business travel, logistics and accessibility in the STRING region, and operationalising visions for a greener transport corridor. The conference

will focus on international transport in terms of freight transport and logistics, as well as opportunities for long-distance passenger travel in an international context. The conference also wishes to highlight and create debate around the role played by green corridors and sustainable logistics in meeting European climate goals.

Registration

Please register for the conference by sending an e-mail to aarr@regionsjaelland.dk – marking the subject field 'Green STRING registration'. Please visit the Green STRING Corridor website for further information: www.stringcorridor.org. Please register by the 5th of March 2013. The conference is free of charge.

Practical information

The conference starts at 13.00, and finishes at 16.30. It will be held at Langelinie Pavillionen in Copenhagen, which is located at Langelinie 10, 2100 Copenhagen (see map at : <http://map.krak.dk/m/nC5pp>). There are around 60 parking spaces available near the venue, which are free of charge for guests. If using public transport, the nearest station is Østerport station, which is accessible directly from the airport by train.
